An all inclusive community founded with Kindness, Acceptance, Respect & Fun!

There are no strangers here, just friends you're yet to meet.

2017 launched the idea that naturism in Wales could be a viable community. Once considered, the tumbleweed strewn desert for naturists soon became a vibrant, energised & fun community. Comprised of fantastic friends that together experience social naturism in safe spaces that are managed with vigorous safeguarding procedures and onboarding practice.

Our primary focus is to be inclusive to all, not for profit, without premium or prejudice and have as much fun (or chill time) as you choose.

A modern and evolving community founded on tradition, with a fresh perspective of naturism with kindness, acceptance, respect and fun as our core vision.

You're invited to join us and be a part of our community and be a part of the magical experiences that Naturism in Wales has to offer.

SAFE SPACES FOR ALL:

The naturist right to roam and freedom of expression is often debated as our legal right and as many of us are mindful to textiles, all we really want is to just be us and get on with enjoying naturism or nudism. Naturism in Wales focuses on negotiating designated areas with local authorities for all activities and event spaces so to give peace of mind that members feel safe whilst relaxing or having FUN!
